

GEOBOARDS

introduction to hand tools

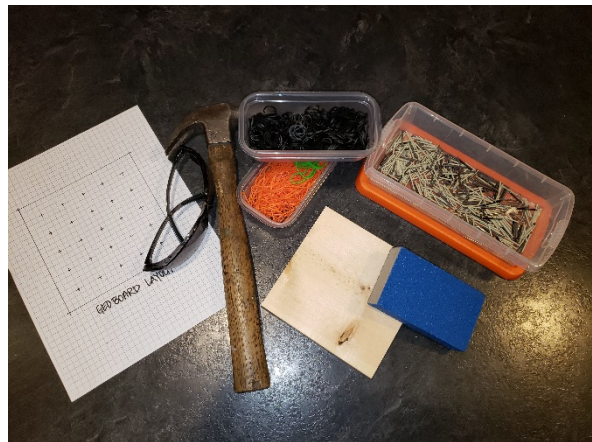

S.D. #33 - Chilliwack

Tools & Materials:

- Hammer
- Safety Glasses
- 6" x 6" wood squares
- Sanding blocks
- Finishing Nails
- Paper Template
- Assorted elastic bands

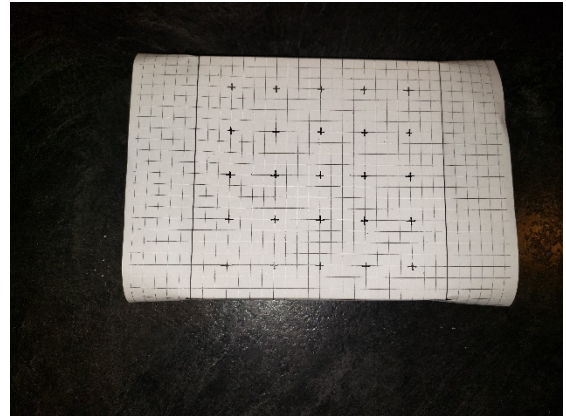

I. Gather Materials

2. Using the sanding block
- sand all of the edges and
surfaces of the wood
square.

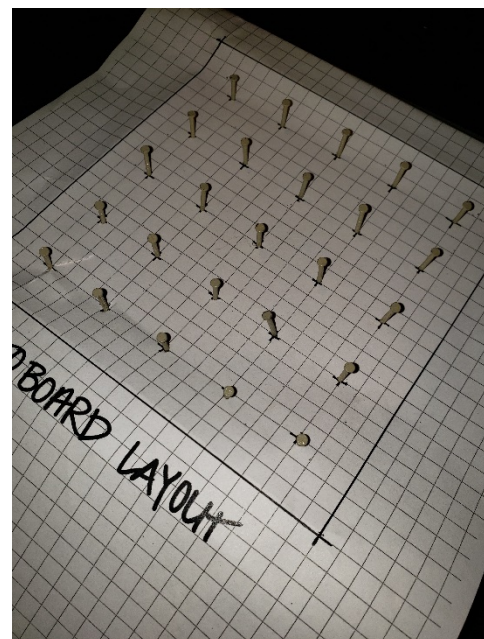

3. Once the wood square is sanded smooth, layout the paper template. Make sure it is centered on your work piece.

4. Carefully hammer a nail into each of the marks on you template. BE SURE TO WEAR YOUR SAFETY GLASSES.

5. Carefully lift the edge of the paper to loosen it from the board. - Then tear it off completely.

6. Using your elastics, string or pipe cleaners design your image.
