

FRENCH GLOBAL READ ALOUD

ONE BOOK TO CONNECT FRENCH TEACHERS & STUDENTS

The French as a Second Language Global Read Aloud (FSL GRA) project was inspired by Pernille Ripp's Global Read Aloud in English. This project allows French teachers to have the opportunity to offer an engaging literary experience for second language learners. During the FSL GRA, teachers will read aloud to their students during a set period of time and have the opportunity to connect with classrooms around the world over the love of a good book.
